

APURVA PATEL

Anand, Gujarat, India | +91 9875041641 | apurvapatel981@gmail.com |
www.linkedin.com/in/apurva-patel-213a692a7

Motivated Junior Software Developer and B.Tech IT Student with a solid foundation in Computer Engineering. Offers a unique blend of international academic exposure (Canada) and rigorous technical training (India). Proficient in Java, Python, and SQL, with a strong understanding of SDLC and Object-Oriented Programming. Agile and culturally adaptable professional with previous work experience in Canada, seeking a remote entry-level development role to leverage coding skills and problem-solving abilities.

TECHNICAL SKILLS

- **Languages:** Java Advanced, Python, JavaScript, SQL, C++.
- **Web Technologies:** HTML5, CSS3, React Basics, XML.
- **Tools & Databases:** MySQL, Git/GitHub, VS Code, IntelliJ IDEA, MS Office.
- **Soft Skills:** Cross-cultural Communication (Canada/India), Adaptability, Problem Solving.

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology *Madhuben and Bhanubhai Patel Institute of Technology (MBIT)*, Anand, Gujarat

- *Timeline:* 2024 – Present
- *Current Focus:* Advanced Data Structures, Web Engineering, and Database Management Systems.

Diploma in Software Development (Coursework) *Southern Alberta Institute of Technology (SAIT)*, Calgary, Canada

- *Timeline:* Jan 2024 – Aug 2024 (Completed 2 Semesters)
- *Key Learnings:* Gained practical exposure to North American coding standards, Agile methodologies, and full-stack development principles before transferring back to India to pursue a full degree.

Diploma in Computer Engineering *K.J.S.O.P.*, Savli, Vadodara, Gujarat

- *Timeline:* Completed 2023
- *Achievement:* Built a strong foundation in computer architecture, algorithms, and programming logic immediately after 10th grade.

PROJECTS

University Management System (Java & SQL)

- Developed a desktop application to manage student records and faculty data.
- Implemented JDBC for database connectivity and CRUD operations to handle student admissions and fee submissions.

Personal Portfolio Website (HTML/CSS/JS)

- Designed and deployed a responsive personal portfolio to showcase academic projects and skills.
- Utilized modern CSS frameworks (Bootstrap) to ensure mobile compatibility.

Inventory Tracker (Python)

- Created a script to track stock levels for a mock retail store, automating alerts when stock fell below a certain threshold.

PROFESSIONAL EXPERIENCE

Sales Associate (International Experience) *Rogers / The Source*, Calgary, AB, Canada |
[Dates, Jan 2024 – Aug 2024]

- Adapted quickly to the Canadian work environment, demonstrating strong English communication skills and professionalism.
- Managed customer inquiries and utilized CRM software to track inventory and sales data.

ACCOMPLISHMENTS

- Successfully transitioned between educational systems in India and Canada, demonstrating high adaptability.
- Overall:- 8.91 CGPA.
